

THE ARIZONA REPUBLICAN.

THE LARGEST CIRCULATION OF ANY DAILY PAPER IN THE TERRITORY.

The Only Paper Between Galveston, Texas, and Los Angeles, California, that Publishes the Full Dispatches of the Associated Press.

VOL. IV.

PHOENIX, SUNDAY MORNING, SEPTEMBER 20, 1891.

No. 9.

IN HOT PURSUIT.

CALIFORNIA MURDERERS BEING RUN DOWN BY OFFICERS.

Considerable pressure on the trail of John Clark—Another Suspect Arrested—A bloody battle between the officers and Clark is feared.

Associated Press Dispatches.

SEATTLE, Cal., Sept. 19.—Constable Butler of Rocklin arrived this afternoon with Chas. M. Carmichael, arrested by him at Roseville Junction early yesterday morning on suspicion of the murder of Galavotti. Some railroad men claim to recognize him as the desperado who was driven out of Fresno county last year. He is a quiet, unassuming man, but he is not the man wanted. Constable Butler, who left Bloomfield yesterday to follow suspect Clark into Meadows, Lake county, has not been heard from. Alarm concerning his welfare is felt on all sides. If they run Clark down and he shows fight there will be bloodshed. If John Clark takes to the hills in trying to stand off pursuers it may result in one being left to tell the story of the battle.

A SERIOUS ACCIDENT.

Two Street Cars Collide Resulting in the Injury of Several Persons.

St. Paul, Sept. 19.—An electric car jumped the track at Lexington avenue and three persons were so badly injured that they will probably die. Several others were seriously hurt. It was an inter-urban car on Lexington avenue when the Hamilton street car ran over it. As the outgoing inter-urban train was approaching the cross street the Hamilton car was coming toward the city. The inter-urban has the right of way and the other car stopped close to the main track to let the train pass. Something must have been wrong with the switch, for as the motor struck it the wheels were thrown from the track and the train plunged into the Hamilton car, crushing it to pieces.

A SWEEPING CHALLENGE.

Breakers of the Nelson Station Offer to Put Up \$5000.

GRAND RAPIDS, Mich., Sept. 19.—The announcement that Allerton had lowered the station record to 2:09.4 followed by Nelson's performance yesterday caused a great excitement among the breakers in this city and aroused a general desire to see the question of superiority between the rival stations settled. The breakers tomorrow will print a challenge offering to back Nelson for \$5000 to meet Allerton on any other station on earth. Conditions are that the train pass through the station on the Comstock race course, this city, the first week in October, the winner to take the entire purse and the loser to receive \$500 for expenses.

Murderer Accidentally Killed.

CHICAGO, Ark., Sept. 19.—Intelligence was received at this place this evening of an accidental shooting that occurred in the country, eight miles south of here, late yesterday evening. Jim Henry, recently said to have come here from Maryland, was hunting, when, by careless handling of his gun, he was killed through the right shoulder, from which he bled to death before surgical assistance could be obtained. He was a professional gambler, and is thought to have left a criminal record in the parts from whence he came. After the shooting before he expired he said that he had been convicted with a murder case in Maryland, and was here in hope of escaping capture.

A Babe Burned to Death.

SCRANTON, Pa., Sept. 19.—A 2-year-old child of Mrs. Andrew Colish was left in charge of a boy of 4 while the mother repaired to a neighbor's. The child set fire to the cradle with a box of matches with which he was playing, and when the mother reached the house upon her return, she found the cradle had been almost consumed and her babe had been burned to a crisp. Neighbors prevented the house from being destroyed.

The First Case.

WACO, Tex., Sept. 19.—The first case in the state under the alien land law was filed here today. It is a suit of the state by its county attorney to oust the state a valuable tract of land bought by Theo M. Allison, a foreigner. A test case of this will be made of this and it will be watched with more interest than any law-suit ever instituted in Texas. A final hearing is expected within sixty days.

Took Morphine.

SENECA, N.Y., Sept. 19.—Dr. Eugene Weinhardt, an old and well-established physician of Seneca, twenty-five miles from this city, committed suicide last night by taking morphine. No cause but dependency is assigned. Dr. Weinhardt was a German political refugee and took leading part in the uprising of 1849, coming to this country with Carl Schurz and others.

Hit by a Copperhead.

FRANCISCO, Ky., Sept. 19.—A little child of Wilson Riley's, while playing around the house barbed yesterday afternoon, was bitten by a copperhead snake. The child is still living, but its body is swollen to such proportions, and its sufferings so intense, that it cannot live.

A Costly Collision.

FERRENT, Neb., Sept. 19.—Fireman Nelson, on a light engine bound for Omaha, on the Fremont, Elkhorn & Valley road, from Omaha, was yesterday killed in a rear-end collision at Rosholt, which, five miles east of this city, this morning. Rolling stock was damaged \$50,000.

The Scramble for Edmunds' Seat.

WASHINGTON, Sept. 19.—Seventeen Republican senators filed applications for Mr. Edmunds' seat as soon as they learned of his resignation. This made a very nice problem for Old Father Time. Senator Edmunds is not only a member of the front row on the Republican side, but he had a desk fitted up to hold books of reference.

FICKLE GERTRUDE.

THE MATRIMONIAL EXPERIENCE OF MISS POTTER.

A Chicago Girl That Changed Her Mind With the Wind—Marriage and Divorce Are Everyday Affairs With Her—Her Latest Experience.

Associated Press Dispatches.

CHICAGO, Sept. 19.—Another social sensation has developed to which Miss Gertrude Potter, daughter of the president of the Illinois Steel Company is a party. It developed this afternoon at the residence of her parents. In a Virginia apartment house today, she was married to Julius Clark Daniels of New York city. The groom is a son of Geo. W. Daniels, General Passenger and Ticket Agent of the New York Central.

The wedding adds another sensation to the recent developments concerning Miss Potter. Following the announcement of her secret divorce from E. Lee Rust, son of a wealthy El Paso, Tex., lumberman the other day, comes today's wedding. An authorized statement made for the family this afternoon adds a heretofore unknown feature to the affair. The statement says: "December 31, 1890, Julius Clark Daniels secured a license in Chicago under the name Julius Clark to marry Gertrude Whiting Potter under the name of Gertrude White. The couple were married Jan. 1, 1890, by Rev. R. A. John, pastor of St. Paul church. The parties continued to live at their respective homes. Subsequently Miss Potter submitted to legal counsel the question of the validity of her marriage with Daniels and was advised and believed such marriage invalid. She then informed E. Lee Rust of the ceremony performed between herself and Daniels and of her subsequent advice thereon. Thereupon both parties believing they had a right to the same, a ceremony of marriage was performed June 6, last, at Lake Geneva, Wis., by Rev. J. M. Ward. Both ceremonies were secret and unknown to the parents. The ceremony of June 6, first became known to her parents by its publication in the press. The statement then gives the details of the decree of annulment of marriage with Rust four days ago. No actual necessity existed for any court decree annulling the marriage which in fact was void but the decree was secured for the reason that the interests of all concerned made it proper under the circumstances. The newly wedded couple left today for the east."

ON THE DIAMOND.

Games Played in the East and West Yesterday.

NEW YORK, Sept. 19.—The Giants easily defeated Chicago. New York 8, Chicago 0.
At St. Louis—St. Louis 6, Washington 4.
At Columbus—Columbus 8, Baltimore 2.
At Milwaukee—Milwaukee 5, Boston 2.
At Philadelphia—Athletic 9, Louisville 12.
At Boston—Boston 4, Pittsburgh 3.
At Brooklyn—Brooklyn 6, Cleveland 4.

THE SANTA FE.

President Maxwell Talks of Its Business and Prospects.

SAN FRANCISCO, Sept. 19.—President Maxwell of the Atchison, Topeka & Santa Fe road, arrived today. He will remain until Monday, and then with General Agent Russell, go to Los Angeles and San Diego, thence east over the Santa Fe Mexican lines. "My visit has no significance, whatever," he said. "I try to make a trip twice a year over the system, not only to consider the physical condition of the system, but to see the present and future of the Santa Fe business is fairly good, although not what we might wish. Our California business is good, but we would do more if we could get it to do. Our Southern California branches are in a growing country and are doing good property, although business there during the year has not been all we could wish. Floods there have troubled us and made heavy losses. We have been putting lines in the best possible shape to prevent damage by floods. I speak of Southern California especially. There is a lot of good land, white water, being done by the Santa Fe at present at any point. It is not a good time for building. Conditions of the money market makes it difficult to dispose of bonds."

AN EXCITING SCENE.

The War Between Whites and Blacks for the Cimarron Valley.

GUTHRIE, O. F., Sept. 19.—The excitement is growing hourly among the people who will make the race for homes in Indian lands Tuesday. There are several causes for excitement, chief among them being a large number of negroes, who have gathered by hundreds at the Langston, Oklahoma, negro colony, who intend to move on these upon Cimarron Valley, the best, perhaps, of all the new lands and settle there to the exclusion of all other settlers. Many white settlers, among them being desperate and unscrupulous, object to the negroes' plans, and will take desperate chances to pre-empt choice claims in the very face of the negroes. The most desperate say they will oppose by force the wholesale settlement of negroes in the valley. Cooler heads, however, know that the race will be to the swift no matter what his color. If the negroes get there first the land is theirs, if the whites outrun the negroes the land is theirs. Another cause of excitement is the hatred of the Indians for the negroes. The Sac and Fox claim their lands were sold to the government under the distinct agreement that they were to be opened to white settlers. Cimarron Valley is closed to the Indians and the whites and between the hostile Indians and desperate white negroes are having an exciting time of it.

REFERRED TO THE PRESIDENT.

The Complicated Case of a Chinaman From the British Border.

WASHINGTON, Sept. 19.—Sometime ago a Chinaman named Chong Sam on the way from Canada into the United States was detained at Port Huron, Mich., and on a trial before the United States commissioner was ordered to be returned to China as the country from whence he came. Before any steps were taken, however, the British minister at Washington interfered in his behalf and requested that action be deferred. The minister subsequently made a request for the man's pardon on the ground that he did not intentionally violate the laws of the United States in coming across the border. The request has been referred to the president for his consideration.

A FAILURE.

The Rainmakers Fail to Produce Rain at El Paso.

EL PASO, Tex., Sept. 19.—Although the government rainmakers kept a bombardment up for twenty-four hours no rain has fallen, and at this writing even the rainmakers themselves have almost abandoned hope. The failure is a tribute only to the unfavorable conditions under which the experiments were made. After the bombardment thick clouds formed and lightning was seen but rain failed to come. The only encouraging phenomenon was a heavy dew this morning, the ground and grass in the park being fairly dripping with water. Parties arriving here from the surrounding country report a heavy rain.

THE ITATA.

She is Allowed by the United States to Give Good Fencing Trial.

WASHINGTON, Sept. 19.—The appointment of appraisers at San Diego, Cal., to appraise a steamer, Itata, was made so as to allow the owners of other persons interested to furnish bond for her appearance, should the case against her be called for trial. Assent to this course was given by Attorney-General Miller. The vessel being bonded, her bondsmen will be responsible in the amount given if the vessel should fail to turn up when the trial begins, and the vessel can cruise for some purpose instead of being compelled to stay at the wharf side.

Charged With Incompetency.

NEVADA, Cal., Sept. 19.—This evening's Transcript publishes an open letter signed by thirty leading business men of North Bloomfield, charging Sheriff Dunster with incompetency and advising in failing to arrest George Clark, Thursday, suspected of the murder of Superintendent Galavotti. Dunster replied that he performed his duty. The mining companies today add \$10.00 to the reward of a like amount offered by Durbin & Co. for the apprehension of the murderer.

Young Frank James.

SEABLAIR, Mo., Sept. 19.—Robert Frank James, son of Frank James, recently of Missouri, and Edgar P. Moore, the lads of 13 years, arrived this morning from Dallas, Tex., on their way to the Marmaduke Military Academy at Sweet Springs. The boys are the winners of the Dallas Times-Herald scholarship contest, and made the trip from Texas alone. They returned here this evening, and will enter their studies tomorrow.

A Prisoner for Debt Released.

SPRING, S. Dak., Sept. 19.—Capt. C. L. Jeffers, commanding a company of state militia, deputy warden of the state penitentiary and an officer in the Grand Army post in this city, was today discharged from jail after serving forty-three days for debt. It is the first case on record in this new state, and it was only a technical defect in the papers that he was given his freedom.

Small Fry Fugitives.

SACRAMENTO, Sept. 19.—Chas. Turner of Stockton and Dave Hart of local clonipion, fought to a finish last night near the end of the Riverside road. The men fought with two ounce gloves. In the first round Turner knocked Hart down twice. In the second Turner was punished severely and in the third was pounded to sleep. The purse was small.

Without Regard to Color.

WASHINGTON, Sept. 17.—The Secretary of the Interior has instructed rectors and receivers of the land offices at Oklahoma City and Guthrie that the words "white settlement in the Sac and Fox Agency does not refer to color but means persons duly qualified under the laws of the United States without regard to color may make settlement."

Edwin Gould in Texas.

PORT SMITH, Ark., Sept. 19.—Edwin Gould and Maj. McDowell of New York arrived here this morning and proceeded to the Jenny Lind coal mine to inspect it. They returned here this evening and with several citizens of this place left to-night for a hunt of a few days in the Indian territory.

One and the Same.

CINCINNATI, Sept. 19.—Miss Ava starts for Chicago tonight. She states that Attorney Jackson, of Fresno, Cal., was right in his dispatch. He says that he knew Vera Ava well and that she and the woman in Cincinnati are one and the same person.

Attempted Robbery.

DAVENPATE, Cal., Sept. 19.—An attempt to rob the sleeping car on train No. 2 was made two miles east of Elmira by two negroes. They were driven from the train and afterwards arrested at this place, and are now in jail at Sacramento.

THE FOREIGN BUDGET.

A SHAM BATTLE FOR THE BENEFIT OF KING WILLIAM.

The Emperor Views the Army From the Grand Stand—He is Pleased With Its Work—Contrasted With Other European Armies.

Copyright 1891 by New York Associated Press.

BERLIN, Sept. 19.—The army maneuvers were concluded today with an attack by the Fourth and Eleventh army corps, commanded by Emperor William in person upon the enemy under General Wittich. The Emperor left Muhlhausen yesterday and proceeded to Volksemdorf, where he assumed command of the Eleventh corps, the Fourth corps quitting their barracks at 4 a. m., joined the Eleventh and united forces marching in three columns advanced toward the Schollheim. The operations ended in the repulse of General Wittich's command.

Later the Emperor started for Wilhelmshagen. Military experts who witnessed recent maneuvers by the Austrian, Bavarian and Prussian troops are of the opinion that grave defects were exhibited by the Austrian troops owing to the absence of General Canapee properly training them. The Emperor is reported as having told Emperor Joseph that his men were fit to meet any enemy that might be brought against them, but his generals were wanting in self-reliance. Bavarian and Prussian maneuvers disclosed less serious defects.

The Emperor is reported as having grouped his officers in his army in the field near the Schollheim and made a brief speech to them. In the course of which he advised a less rigid system be followed in marching and that freer methods be adopted in drilling in order to aid with alacrity the movement of the troops. His Majesty complimented the troops on general efficiency. High military authorities are agreed that the Austrian and German armies are now ready to meet the enemy.

Finland the English government is eagerly disposed to make the port of Abo a Danish matter. A weapon of offense, Russia has changed her tactics. M. Nelidoff, the Russian ambassador at Constantinople, has informally advised Sir William White, the English ambassador to Turkey, that the alleged occupation of Sighi on the part of the Danes by the British force does not in any way concern Russia, and Count Van Soudouff has explained that Russia disclaims any special privilege in the passage of the Danubian.

A WRIT OF HABEAS CORPUS.

Legal Proceeding in the Case of Chandler the Bank Robber.

PORTLAND, Ore., Sept. 19.—A writ of habeas corpus, returnable forthwith, has been issued for Fred Chandler, the Tacoma bank robber, and the officers are now in search. Detective Sullivan, who kept Chandler confined in his private office, petitioned for the writ of habeas corpus.

The object of the writ is not to effect a release, but to bring Chandler into court and have him committed to the county jail. Officers arrived this morning from Tacoma and left immediately for Salem to get requisition papers.

AN IMMENSE OVAATION.

Fifty Thousand People at Hamilton to Hear McKinley Speak.

HAMILTON, O., Sept. 19.—Today was one continuous roar of celebration. One hundred guns were fired at sunrise this morning. A monster outdoor meeting was held which was addressed by Judge Cox and Major McKinley. The procession was two hours passing a point. Fifty thousand people witnessed the celebration.

The Lincoln Stockyards.

LINCOLN, Neb., Sept. 19.—A controlling interest in the stockyards located here was today purchased by a syndicate of Boston capitalists represented by Charles H. North, the transfer to take place immediately. The purchase price was something over a half million.

Only a Hoax.

LAREDO, TEXAS, Sept. 19.—The revolutionary movement engineered by Garcia and Sandval will turn out to be a hoax, the sole purpose being nothing but a desire for notoriety.

Hewitt Not Guilty.

SAN DIEGO, Sept. 19.—The second trial of H. T. Hewitt, for murder, came on today tonight, the jury returning a verdict of not guilty. In the first trial Hewitt was found guilty of murder in the second degree.

Gold and the Rio Grande.

CHICAGO, Sept. 19.—It is rumored here today that Gold will secure control of the Denver & Rio Grande railroad. This appears based largely on the fact that Gold and Clark inspected the road on his return from a recent western trip.

RED MEN AND THE GAME LAWS.

The Vandals Destroy More Animals Than The Sportsmen can Save.

While the sportsmen of Colorado are earnestly endeavoring to secure the proper enforcement of the game law, and are prosecuting the white men who wantonly disregard it, our noble red brethren are practically rendering the efforts for the preservation of game a complete nullity. The wild and ungoverned son of the forest, regardless of game laws or sportsmen's associations, is slaughtering deer and elk in large quantities, and apparently there is no restraint placed upon him by the United States government, whose duty it is to protect the people from the lawless acts of its savage wards. The only idea of property possessed by the Indian is that he has the right of eminent domain, which right he can exercise in defiance of all other interests. So long as bands of savages from the Uintah and other agencies are permitted to roam at large through the mountains destroying game, it is almost useless for the state authorities to think of enforcing the law against white men. We believe it would be the part of wisdom and common sense if Commissioner Land would communicate with the department of the interior in relation to the matter.

TERRITORIAL NEWS.

AVERAGE RAINFALL IN ARIZONA DURING TEN YEARS.

A Large Shipment of Beef Cattle to Kansas City—The Indian Industrial School—A United States Army Office for Tucson—Personal Notes.

From the Tombstone Prospector, Sept. 17.

The report of the rainfall in inches for ten years in Arizona show that in the southern part as well as the northern and central portion the bulk of the precipitation is in the winter months, or beginning January 1 and ending June 31, while July and August are the wettest months of the year, January and February are a close second, while the month of September shows a very slight fall, being an average of about three-quarters of an inch for the month. Another peculiar feature of the record of ten years is the fact that from the year 1880 to 1884 there was a greater fall of rain as recorded by the government observers throughout Southern Arizona than for any other four years on record. These years will be remembered as the four years of the greatest activity in mining circles in the territory's history, especially was it so in the southern part, where there was to be heard in every mountain range an almost continuous report of the discharge of giant powder. It is not within reason to suppose that it was this fact that caused the heavy precipitation in these years.

From the St. Johns Herald, Sept. 17.

The Twenty-four Cattle Company expect to make another shipment of beef cattle to Kansas of 800 or 1,000 head on or about the 17th prox. The above-named company is certainly doing all in its power to relieve the ranges of this country from their overstocked condition. If others had followed their example for the last two years the loss of cattle this winter would be light in comparison with what it bids fair to be.

It is rumored that Scott Bros., sheep men of the western portion of the county, have purchased all the cattle belonging to D. J. Porter, and that Jack also is returning to old Kaibuck. Dame Rumor neglected to inform us whether his projected trip was for the purpose of remaining or bringing back to Arizona one of Kentucky's fair daughters. It is about time Jack was married, if he contemplates ever committing any such folly.

From the Graham County Bulletin, Sept. 18.

A Mrs. Johns, of Kansas, a representative of the National Woman's Suffrage Association, is now in Phoenix hovering over the Constitutional Convention trying to hatch out a woman suffrage provision in the forthcoming Constitution.

Justice Whipple will teach school in Layton next season. His absence from Pima is a matter of regret since it will necessitate his resignation. He is popular, competent and efficient. Judge Goodwin, who tried a case before him last week, tells us that Mr. Whipple is a splendid magistrate, knows his duties and enforces decorum in his court.

From the Tucson Citizen Sept. 18.

The Gila monster, Arizona's peculiar reptile, is growing more and more rare, says E. L. Wetmore, authority on serpents and reptiles in general. He has stuffed one of the horrids, the first for this year.

Regarding the establishment of a United States office at Tucson, E. L. Wetmore has just written Secretary Foster showing why such an office is needed and should be established. Senators Jones and Stewart have promised their support to the measure.

An important item of the self support of the Papagos is their cattle sales to Tucson butchers. During the summer their sales were June 30, July 17, August 6, 22, September, 7, 14, 22, total, 137. Horses they take to other markets than Tucson, San Carlos being the favorite. Last Sunday morning Albert Berger issued ten permits to sell horses there. On Monday several more to sell animals at Tombstone, were granted.

From the Tucson Star Sept. 19.

The Indian industrial school has over 150 boys and girls. The are taken from the Papago, Maricopa and Pima tribes. Hinson Thomas of Florence is in the city. Mr. Thomas says there is good reason to believe the Elsinore mines will start up soon with renewed vigor as eastern parties have purchased the properties.

William Walker brother to Judge John D. Walker, deceased, has applied for letters of administration on his brother's estate in Los Angeles. He desires to administer on the cash which is in the Los Angeles banks, which is variously estimated at from \$75,000 to \$150,000. The hearing has been set for September 22.

LOCAL BREVITIES.

One car of merchandise arrived for Phoenix yesterday.

T. W. Smith today shipped two carloads of hay to Lordsburg.

The Farmers' Alliance met in regular session in this city yesterday.

The firm of Talbot & Hubbard will ship a carload of hay to Colton, Cal., today.

The seats for the play on Tuesday are selling very rapidly, and any one wishing to see it will have to move around lively.

The jockey club will meet next Monday for the purpose of inaugurating some sport to take place some time during the holidays.

Mr. and Mrs. John Osborne are happy from the fact that a little Miss Osborne made her appearance in their household early yesterday morning.

In Major Evans' office yesterday was to be seen a four-pound bunch of grapes of the Muscat variety. The grapes are fully matured, and the wonderful feature about it is they are of the second crop that has matured this season. The bunch came from the ranch of Mr. Adams under the Arizona canal.

Washington street M. E. church, G. L. Pearson, pastor. Services today as follows: Sunday school at 9:45; preaching followed by holy communion at 11 a. m.; Epworth League at 6:30 p. m., and praying at 7:30 p. m. The outdoor union service has been discontinued.
